WITH OUR BOYS IN SERVICE

Keith Weeden, recently returned from the Hawiian Islands where he served with the Coast Guard, will be stationed at Alameda. Mrs. Weeden, nee Frances Polyanich, will join him when they find living quarters.

Tony Besio writes from France, his current location and describes the interesting country and customs of the people.

Phamacist's Mate Angelo Besio who was with the Marines in the fighting in the South Pacific, is enjoying a rest at Hawaii and sent home some trophies of the jap hunt. An enemy battle flag was sent to his nephew. Martin Oroz, for which he had been offered $60, and a jap parachute arrived for Elden Tonini. His father, Steve Besio, is treasuring a Swiss watch, with complete compass, sent from Saipan. Ange has hopes of returning home in about nine months.

Noble McCormack, son of County Clerk and Mrs. R. N. McCormack, is in Marsailles, France, according to the last letter received from him.

Marine Pvt. Glenn Coffey has been transferred from San Diego to San Francisco where he is on duty as a mechanic in a supply garage. Mrs. Coffey and son and daughter, Jack and Nona Rae, have moved to the city to be with him at his permanent base.

Luke Sassarini is pleased with a photo which he received this week from his son, August now on duty with the Air Force in the Pacific. The picture shows Augie with a full, mansized black beard and it is really not unbecoming.

Frank Giovannoni, fireman 2/c has another change of address, due to the fact that he is now going to a navy electrical school, but he still in St. Louis.

Two Truckee boys are slated to be home tomorrow or next day. They are Sammy Costa of the navy, whose ship has returned to the mainland for a time and the other is Doyle McGwinn of the army, due home on a furlough from his base in South Carolina.

Bill Preston of the SeaBees who has been operating heavy excavating equipment in the Aleutians for some time, enjoyed a visit here with his friends last weekend. Bill looks fine and evidently the tough job he has been doing isn't causing him to lose weight. "It may be a tough job," Bill said, "but I'm glad I can do what I can to get this war over."

Signalman Bob Leamon writes that his ship was in the hurricane that recently ravaged the east coast, but that aside from a few cases of seasickness on board, all went well.

Sgt. Joseph Lembeye, brother of Pete Lembeye of Truckee, has been awarded a blue and gold Distinguished Unit Citation ribbon. He is a duty sergeant in the top scoring P-51 Mustang Fighter Group of the Mediterranean Theater under command of Lt. Col. Yancey Tarrant of Brownwood, Texas. The group was cited for its outstanding performance of duty against the enemy on April 21, 1944. Despite having nearly reached the limit of their endurance after having flown over 580 miles through insurmountable weather conditions, the P-51s fought off a total of 60 enemy fighters, in two groups of thirty each which threatened their bomber formation. By destroying 16 and probably destroying or damaging others, the Mustangs enabled the seven groups of the 15th Air Force heavy bombers, which had not received the recall signal sent out because of adverse weather, to complete a highly successful mission against enemy installations in the Ploesti-Bucharest area of Rumania.

RECORDS OF MEN ARRESTED HERE TOLD AT MEETING

Constable N. F. Dolley provided one of the most enlightening and thought-provoking programs that has even been presented before the Lions Club last night when he revealed the records of some of the various men he has arrested here on minor violations.

After their incarceration in the county jail, a search is made of their past records and with Officer Dolley explaining the cases, it was shown that the list included murderers robbers, rapists, and thugs of all kinds, many with several past convictions.

These men, Dolley explained are transient workers, who come here to gain a "grub stake", and then wind up by being arrested as drunks or for other infractions of the law. Few if any, were being arrested for the first time.

The talk and startling disclosures were not alone educational but may serve as a reminder that enforcement of the law is of vital importance in Truckee especially at this time.

Harold T. Langille presided at the meeting.

V

PAIR ARRESTED HERE BY LOCAL POLICE

Two transient workers, George W. Reif, 54, and William F. Chaney, 50, were arrested this week by Constable N. F. Dolley and sentenced by Justice of the Peace C. E. Smith on charges of violating the county's sobriety ordinance. Reif was sentenced to serve 50 days in jail and Chaney 10 days.

In Sacramento—

Mrs. Harry Lansberg left Hobart Mills last weekend for Sacramento where she is visiting relatives. Lansberg plans to join her in the capital after his work is completed here. He soon plans to open a large lumber yard at Sacramento.

My Place In The Sun

By CPL. DOUG BARRETT

Excerpts from letters from the Canada theater of war operations

Just wait until you see me next furlough! Now the army has added to my tunic—that's Canuck for blouse—three gold bars on the lower left sleeve. Each of these represents six months outside the continental limits of the Newnited States. Now on my left sleeve I've got my "overseas stripes" on the lower sleeve, corporal stripes between shoulder and elbow and on the shoulder is the Air Force patch. On the right sleeve lower is my Com patch and, further up, is another set of chevrons. I'm seriously thinking of sending for a Boy Scout merit badge or an Eager Beaver Patrol emblem for the right shoulder to sort of balance things up. Incidentally, by this time next year I shall probably have two more gold bars and a hash mark for a complete three-year hitch in the army—and don't think I won't still be in the army next year this time.

My reading right now consists of magazines, newspapers, murder mysteries and an odd bit of history here and there. I've recently completed "Ten and Out" by Alexander Johnson, a history of the prize ring in America. It's really quite good and gives some interesting sidelights into the manly art. I have the Armed Forces Edition of the book, put out by the Council of Books in Wartime. For snatch reading, I'm doing up the Complete Poems of Robert W. Service—you know, the Spell of the Yukon, the Shooting of Dan McGrew, etc.—which have their inspiration and locale in the country immediately north of here. In fact, one or two are set right around the Peace River country in which Grande Prairie is located. Also on the side I'm reading Edgar Allen Poe's Tales of Mystery and Imagination. I care not what course others may take, but in my opinion Edgar Allen Poe and Stephen Vincent Benet are the greatest writers the United States have produced. For straight, steady reading, I'm tackling Stephen Leacock's "Canada — It's Foundation for the Future." The edition I have handy is from the post library and privately printed by the House of Seagram, who usually don't specialize in publishing if you follow advertising. However, it is one of the best jobs of typography and binding I've run into in a long time and the book is really good, especially if you want to learn something about Canada—which it behooves me to do.

Three Injured In Car Collision On Donner Summit

Summit Resident Cited For Reckless Driving After Crash

Three people were injured, one of them quite seriously Friday night near Norden when a car driven by Everett Lee Griswald, 48, of Fairfield Illinois, collided with a truck operated by Demps Hensley, 42, Southern Pacific employe at Norden.

Hensley, who was charged with reckless driving resulting in the accident with injuries, was taken to the Southern Pacific hospital at San Francisco suffering from a fractured leg and other injuries and both Griswald and his wife, Hazel Griswald, 24, were treated by Dr. J. H. Bernard for bruises and lacerations and Griswald had several broken ribs.

According to Griswald, he was going west at a slow speed when he saw the Hensley car approaching from the opposite direction and on the wrong side of the white line. The driver said he came to almost a stop but could not avoid the collision.

State Patrolman William Gautsche made the investigation.

TRUCKEE BOYS ARE HELD AFTER MAN BEATEN, ROBBED

Five Truckee boys, ranging in ages from 15 to 19 were arrested Monday after they were alleged to have beaten and robbed R. Orozio Ronetti, 60, in the alley back of the main street.

According to Constable N. F. Dolley the five boys attacked the older man and administered a severe beating after which they robbed him of $50 in cash, a check for $78 and other items.

The sheriff and probation officer were called to aid in the investigation and the boys confessed, Dolley said. The affair occurred Sunday morning shortly after midnight. Because of the ages of the boys involved their names are being temporarily withheld.

V

CHARLES PETERSON DIES AT HOME HERE

Charles Peterson, about 68, died at his cabin home on Trout Creek yesterday afternoon following an extended illness. The body was taken to the Laity Funeral parlor and arrangements for the funeral are being made.

Peterson was a widely known character in this district where he had lived for many years. Prior to coming to Truckee he was for many years a camp cook at Hobart Mills. It was not immediately learned if he has surviving relatives.

COUNTY SCHOOLS GET BIG STATE AID

The elementary school districts of Nevada county will receive $101,178 from the state treasury this school year as state aid toward the education of elementary pupils, California Taxpayers' association said today, making public its analysis of state aid to school in relation to Proposition No. 9 on the November ballot.

Aid for the elementary schools in the county this year is based on an average daily attendance of 1,305 and on 54 teacher units in the county. Local property taxes are additional sources of the support of schools in the ocunty.

V

FAMILY OF BEAVER MOVES OVER 20 MILES

A colony of beaver was planted in the Smithneck Creek drainange on the Sierraville District of the Tahoe National Forest in May, 1943. In the spring of 1944 one of the families of the colony was missed and it was not known whether family troubles developed or if they were just plain hit by wanderlust, but they were later located on the Little Truckee river approximately 20 miles from their first home.

These beaver were planted for the purpose of erosion control and building up meadows by means of beaver dams in this area. The methods has proved successful in several districts.

by WALTER M. BARRETT

It is downright pathetic the way a lot of folks assume what they call 'war effort". Every day we hear some one telling of his or her work in the war and what a burden it becomes to carry on. We wonder how these people would bear up in sustained battle or in a foreign prison camp or even undergoing the routine of tough training routine. When we read and hear of the tragedies suffered by our youngsters and then compare their lot with our own, we shouldn't even mention the part we are playing in the war. Solicitation for war funds, the purchase of bonds, going without various unattainable merchandise, and submitting to rationing and price control without complaint are all aiding the war effort, but individual accomplishment is very small in the overall picture and if we each more than doubled our efforts here at home we would all still be far behind the accomplishments of the boys in actual combat. Furthermore we dare not relax in what we are doing to help bring the war to an end. We become impatient when our armies are slowed up against the iron death of the enemy and we can't understand why this or that setback occurred, and yet at home if we get tired of selling bonds, raising funds or what ever comparatively small part we are playing, we sit back and relax and just wait for the war to end so we can return to normal living.

The community should deeply regret circumstances which led to a shameful occurrences here last week when five young boys, reportedly ganged up to beat an old man into unconsciousness and then robbed him of his hard earned money. It was the most uncalled for, outrageous incident which has happened during recent years. It brought a black spot on the community's character. We blame the boys, most assuredly, they each knew they were doing a great wrong, but too we blame conditions which permitted the act. Those boys should have been taught and if incorrigible, then kept out of society. There are many things for boys to do in Truckee which should be encouraged and being out on the streets at all hours of the night is not one of them.

V

BURGLARY CHARGE REDUCED IN COURT

The charge of burglary against Bob Spencer of Truckee was reduced to a charge of petty theft last week and Spencer was sentenced by Justice of the Peace C. E. Smith to serve 30 days in the county jail. Spencer was accused of entering the home of Bimbo Esola.

SHORTAGE OF MEN ON HIGHWAY PATROL

Declaring the manshortage in the Califronia Highway Patrol is now very acute, Gordon H. Garland, director of motor vehicles, has asked Governor Earl Warren to give serious considerations to plans for immediate replacements.

Within a two-year period, Garland reported to the Governor's Council, the personnel of traffic officers has been reduced from 907 to 614, a net loss of 293. Losses have been due, he stated, to military leaves and resignations.

"Coinicident with the losses in personnel, the duties of the patrol have increased tremendously due to war conditions," Garland said.

A BOOK APPLICATIONS ARE STILL COMING IN

More than 177,000 gasoline A books have been issued to motorists in the Sacramento OPA district of 24 northern California counties, Gilbert McNeil, district director announced this week. Applications are still coming in daily and are being processed at once by the various boards including the one at Truckee.

Four Hunters In This Area Fined For Violations

Nimrod Picks Back Yard Of Game Warden For Hunting

Four arrests for violations of the fish and game laws were made during the past week in this district by Game Warden Bill LaMarr.

James Miller, 18, of Newcastle, picked the area just west of Warden LaMarr's home on the Truckee river to kill a spike buck and it was easy for the alert game warden to make the arrest. Miller paid $25 of a $50 fine, the balance being suspended by Justice of the Peace Evelyn Bliss at Tahoe City where Miller was cited.

In the same party was E. F. Fowelr of Newcastle who paid $20 to the Tahoe justice for hunting without license or tags.

B. F. Leonard of Geyersville paid a $75 fine before the Loyalton justice of the peace for possessing a spike buck which LaMarr found well hidden at the camp on the Littel Truckee.

M. J. Bryant of Tipton paid the Loyalton justice a $50 fine for having a spike in his possession. He was hunting in the Little Truckee area.

NEW RULING WILL AFFECT SALE OF BUSINESS FIRMS

The State Board of Equalization announces that effective October 1, there will be a change in Ruling 63—"Sale of Business."

The change affects such items as equipment, fixtures, etc., which were previously held exempt in the sale of an entire business and are now taxable to the purchaser of the business.

The new ruling is as follows:

"The tax applies to that portion of the gross receipts from the sale of an entire business operated by a retailer that represents the fair value of tangible personal property, such as show cases and office or delivery equipment acquired for use rather than resale by the purchaser of the business. The tax does not apply, however with respect to tangible personal property such as stock in trade, sold for the purpose of resale in the regular course of the purchaser's business."

RETURN TO NORMAL

Yes, we'll probably have more gasoline, more tires, more metal gadgets, more refrigerators, more washing machines and less ration coupons soon after the war in Europe is over.

We may not go all the way back to normal living, but we'll come close to it.

As a result, impatient storekeepers, beseeched by requests for items which they can't get, will no longer be in a position to dismiss us with, "Don't you know there's a war on?"

But one trouble with this return to normal, or almost normal living, is that a lot of us may actually forget that there is a war on.

Those who have sons, brothers and husbands in the service will still need no reminder that war is being waged—but as for the rest of the people, the war in the Pacific is apt to become a distant affair, hardly touching their personal lives, unless some plan can be devised to have them play a more active part in it than seems to be called for on the present program.

COLLECTIVE 'GIMMES'

The president of a large war plant recently referred to collective bargaining as actually being collective "gimmes." He pointed out that the policy of labor union leaders is to ask for everything under the sun and keep on asking until they get all they are after. He wondered where the "bargaining" came in, for, he said, he knew of practically no cases where management asked for anything. It's all "give" on the part of management, and all "take" on the part of labor, he said.

Most managers of big businesses who have been dealing with unions throughout the war, are in hearty agreement with that analysis. But the fault may be largely the fault of management itself. For, throughout all of its tussles with labor unions, management has remained on the defensive and let labor keep the offensive.

It seems quite possible that management could still keep the upper hand by using labor's methods. If management, faced with an insurmountable situation, went on strike, refused to permit production, and discontinued payrolls until union leaders listened to reason their persuasion could be even more effective than is the strike threat when used by labor.

CATO URGES CARE WITH CARS AS WINTER NEARS

Motor vehicle owners of Truckee today were admonished by E. Raymond Cato, chief of the California Highway Patrol, that the stormy season is approaching requiring not only more careful driving but a check of various features of the car to avoid accidents.

He advised motorists to check the lights, windshield wipers, brakes and tires particularly and make adjustments and repairs if needed.

Chief Cato said a recent check of some 18,000 vehicles in southern California indicated about 8 per cent were being operated with defective lights.

POLITICAL PARADE - - -

By CLEM WHITAKER

A defensive canndidate usually on election night turns out a defeated candidate!

Even the lowliest novice in The Great Game of Politics knows that fundamental princciple, so there is still astonishment and bewilderment in professional political circles over the opening address of President Roosevlt's re-election campaign, made before the Teamster Union.

For the President's address, while it was studded with sarcasm and sharp invective which partially cloaked its structural weakness, was basically a defensive speech, in which The Champ showed very plainly that he had been hurt by the thudding attack of The Challenger.

Count by count, step by step, for thirty minutes without even a pause between rounds, the three-time winner of America's poiltical heavweight championship replied to the charges leveled against his regime by Governor Dewey trying to turn a bristling defensive into an offensive. There were some clever left hooks and fast footwork in the show put on by the old master, but the fact remains that Mr. Roosevelt was still backing away when the radio announcer signalled that would be all for the evening.

Governor Dewey, not nearly as ring wise as Mr. Roosevelt in many respects, showed nonetheless in his rebuttal a few nights later the new surge of confidence that every challenger feels when he senses that his opponent is giving ground—and also demonstrated that having gotten the President on the defensive, he intends to keep him there for the rest of the engagement, if that be possible.

Apart from what either man said, or how well he said it, and regardless of who won the opening round on points, Mr. Roosevelt, in the opinion of experts, led with his chin when he esseyed to fight a tough opponent like Dewey from a defensive position.

Mr. Roosevelt, against Hoover and Landon, struck out boldly and seldom bothered to reply to their attacks. Even pugnacious Wendell Willkie never was able to get him on the defensive. In fact, much of Roosevelts political success has been due to his ability to romp through his contests without ever seemingly crediting his opponents with being serious ocntenders. It's one of the finest techniques in the business, but apparently the President was stung by Mr. Dewey's skillfully-documented attack to maintain his pose of indifference.

Governor Dewey, one of the ablest prosecutors in the Nation, apparently is determined to put Mr. Roosevelt on trial before the bar of public opinion—and if the President permits himself to kept in the role of a defendant, it may mean a new occupant in The White House next January. Battles are seldom won on the defensive.

LAKE TAHOE NEWS

By SWANEE Telephone Tahoe City 66J

TAHOE LETTER

To the Service Men

From SWANEE

Tahoe City, Calif.
October 1st.

Dear Tahoeites:

Have just returned from a two day visit in Reno after taking son Jimmie over to the repair shop with his car. What a beautiful drive it is these warm autumn days with the cotton woods and alders on the hills turning from yellow to red and berries of all colors hanging ripe on the bushes. Tonight I struck the curve just east of Hirschdale just as the sun had set behind the mountains and the sky was still ablaze with a warm red glow that ilt up the double train tracks for down the canyon like two gleaming ribbons of fire. It would have made a lovely picture. And as I neared the lake there hung the big yellow moon shining out over the water—a typical harvest moon—with no harvest here for it to shine on.

Deer hunting season continues in this district until and including October 15th, but hunters here are still having difficulty finding bucks. Today Rex Tollefson brought back a nice 160-pound four-pointer from the Dog Valley district. He was a member of a hunting party that included also his sister and her husband, Mr. and Mrs. Sterling Ralphs of Big Chief Camp, and his brother, Terry. The others had several shots but failed to get their bucks. Theodore Schlueter reports that a guest at his cottages in Tahoe Park last week brought in a beautiful specimen—a five pointer that dressed down at over 200 pounds from Page Meadows. He was Kenneth Dorr of San Jose who was accompanied by his wife and her parents, Mr. and Mrs. Shore. Other guests, Mr and Mrs. George Ward of Oakland got smaller deer that weighed around 125 pounds from the Ward Creek area.

Constable Harry Johanson told me tonight of an experience which two of his friends had in the local mountains while hunting alst week. While making their way along a trail they met up with several other hunters. Socially they inquired: "Had any shot yet?" "Oh, yes," they admitted proudly, "We had several SOUND shots!" "What are they?" Sez the would-be hunters: "Why they are shots we take at anything we hear moving in the bruch to do a bit of probing for game!" I'll bet a cookie that Harry's friends waited to see which way the amateurs went and then promptly went the other way. What a crying sin that men with so little common sense are permitted the privilege of participating in this time honored sport with such instruments of destruction in their careless hands.

Last Thursday whiel passing the Episcopal Chuch Chapel near the Taevrn I noted that N. R. Mayfield's stone masons had started construction of the Memorial stone wall which ..ill run approximately 500 feet along the highway with two large pillars to be erected at the southern entrance to the churcr property. The all is of gray native stones and stands a little over three feet high It will be very attractive when completed and will not only perpetuate the names of those who are fighting in the service of their country, but will greatly enhance the appearance of the grounds. I already have a long list of names of local lads, both residents and summer visitors who frequent the lake regularly, and these names will also be handed on to Floyd Carnell who is gathering the list for the American Legion's Roll of Honor to be placed in a conspicious spot near the community building in town. I will welcome the receipt of any names which I may not have at this time. Every boy and girl from this district is eligible, the only requisite being that they belong to some branch of the service.

Service news again last week was scarce, but had two letters to report on. One was from one of my favorite soldiers in the signal corps, Staff Sergeant Charles A. Hall, now stationed in deah olde England. He considers himself more than fortunate in being still in a ocmparatively safe place and still riding the "gravy train". His work is hard and tedious bu. he says he and his boys have a bit of fun now and then, going to English pubs mostly for recdeation. Their only trouble is transporation, Chuck having quite a task with his brood when it comes time to go back to the barracks since beer, bitters and bicycles don't seem to get along so well together! The boys eat yell and have comfortable quarters, although not possessing all the modern conveniences. Like all G.I. Joes, they are most anxious to find out what's going to happen when Germany bows out of the war — aren't we all?

Son Jimmie last week received a letter from Tommy Adams who, with his brother, Bobby, attended Tahoe schools for several years. His parents live at Worden's Ward Creek Camp. Tommy wrote from the navy base at San Diego where he is stationed and gave a most graphic picture of his new life. Most amusing was his description of taking care of his clothing and equipment with much of his time being spent in wash ing his clothes. A clean uniform each day when they wear whites and that's six days out of the week. Says they have good eats, plenty of candy and ice cream at the station nearby. He qualified recently on the 2,00 yard rifle range, shooting 139 out of a possible 150. Highest score was 142 second 140, and Tommy third. Evidently the heat right now is pretty terrific especially during two hours inspection period on the field, but he likes it fine and would love to hear from some of his old school mates up here.

The Roy Starks of the Dollar Estate were pleased to receive a letter this week from their son, CQM Harold Stark who has been right in the thick of things for some time on his submarine in the Pacific. He writes that he is now enjoying some relaxation in a rest camp after having accounted for a lot more Japanese.

Well, Tahoeites, tempus is fugiting so I must ring off for another week. The weather continues wonderful and stout hearted men hereabouts are still out wandering the highways and byways in their quest for the evasive buck. Hope our family can be listed among the successful for some of that grand meat preserved in a pressure cooker would come in handy this winter when the highways are closed, permission to keep it being granted by the law requiring the game warden's stamp of approval.

Hope this finds you all well and cheerful and don't forget to drop us a line when time permits as we are vitally interested in your progress with Uncle Sam. Good luck, good health and God bless you all.

As ever,
SWANEE.

P. S. And heer's a P.S. that will probably turn you all green with envy! Rie Henry called to tell me that Robert Berwick, who acquires his doctor's degree in six months from Stanford Medical college is now at Tahoe for a ten day honeymoon with his bride the former Miss Gloria Granucci of San Francisco. They are sojourning at the home of the bridegroom's parents, Dr. and Mrs. C. Coleman Berwick near Tahoe Tavern on the lakeshore. The Berwicks have another son in the air corps at Corpus Christi and both boys have been members of the Tahoe Ski Club for years. Best wishes of the community are extended the honeymooners.

MRS. STELLA WATSON WILL HEAD WAR CHEST DRIVE IN LAKE TAHOE DISTRICT

TAHOE CITY, Oct. 5.— Mrs. Stella Watson announces this week that she will be in charge of the local War Chest Fund drive which will be inaugurated October 9 and continue to November 11.

This drive solicits funds for all war time activities such as USO, United Seamen, Boy Scouts, etc and a contribution to the War Chest is divided among all war-related agencies so everyone is urged to give generously.

Only the Red Cross and Salvation Army are excluded, a separate collection being made for them.

Mrs. Watson requests that all Tahoeites wishing to give to this worthy cause mail their checks to her at Tahoe City or call at her home as she will be unable to call house to house because of gas rationing. Any amount will be gratefully acknowledged.

EAST OAKLANDERS PURCHASE POMIN'S RESORT AT TAHOE

TAHOE CITY, Octo. 5.— F. A. Kilner who handled the sale of Pomin's Resort, this week released the names of the purchasers who are Mr. and Mrs. I. H. Cupps of East Oakalnd. In a letter written September 21, Cupps reveals that plans eventually call for a complete remodeling job on the hotel building and cottages, but only such improvements as are permitted by the War Production Board will be attempted at this time.

They plan to return to Tahoe within a week or ten days to start painting. The name of Pomin's Resort will be retained for the season of 1945 after which the Cupps are ocntemplating conducting an interseting contest to determine a name.

KINGS BEACH BOY HELD TO ANSWER THEF CHARGE

TAHOE CITY, Oct. 5.— Everett Peterson, 20 year old Kings Beach youth, was held to answer to the superior Court on charges of possessing stolen property when he appeared before Justice of the Peace Evelyn Bliss here last Friday morning. The testimony of Constable Harry Johanson established a felony, the court held. The accused was returned to Auburn to await trial.

We're Proud of the CITIZEN SOLDIERS at our Avon Refinery

(They're setting records for making 100-Octane Aviation Gasoline for our fighting forces)

Yes, Associated is proud of the men and women who have worked so loyally and unremittingly at our great Avon refinery, turning out record quantities of 100-octane aviation gasoline, special fuels and lubricants for the armed forces.

We're proud, too, of the others patriotically bending every effort to speed completion of our giant new catalytic cracking plant—world's largest Fluid Type Catalytic Cracker unit—which will vastly increase our aviation fuel production still further.

OUTPUT UP MORE THAN FIFTEEN-FOLD

Avon's 100-octane output was large in 1940, for Associated even then was pioneering commercial volume production of this super-fuel. Since Pearl Harbor, it has been doubled, redoubled and doubled again by immediate all-out conversion, plus tireless efforts of the good soldiers in laboratory, drafting room and production line. Before this year's end, the new "Cat Cracker" will bring production to more than *fifteen-fold* the 1940 level. And it will pour out additional thousands of barrels daily of the amazing new super-aviation gasoline when the Army calls for it.

Our hats are off to the Citizen Soldiers who have *stayed on the job at Avon* and at our other refineries—who are *finishing the job* of helping our fighting forces finish the enemy.

* * *

Workers in refineries and other war plants are not the only Citizen Soldiers. You, and millions like you, contribute mightily to victory in dozens of civilian activities, a few of which are listed here. Let us all be Citizen Soldiers all the way. *Let's stay on the job and finish the job!*

J. L. JeBrien of Palo Alto spent the past weekend at his Tahoe Vista home.

Pete Paducci's home at Tahoe Vista is now completed.

Bud Mandeville has joined his family in Kings Beach from Cal Pine where he had been employed.

Mrs. Bob Dennis of Kings Beach is visiting her mother, Mrs. L. Foster in Los Angeles.

Mrs. Gertrude McKinnew, director of audio visual aids, recently showed three educational films, Santa Fe, About Face and Yosemite and three cartoons at the Kings Beach school.

The Kings Beach Mothers Club held their monthly meeting Thursday, September 28. A business meeting with Mrs. Bertha Ballard, president, presiding, was held.

Joseph Gallerani of Crystal Bay is now employed at the Palace Club in Reno.

Charles Vanderploeg of Monterey visited at the home of Mr. and Mrs. Nels Rafdall on Tuesday.

Dick Fisher and John Heffernan of Crystal Bay were hospitalized at Reno last week. Fisher was released Tuesday.

Dr. J. L. Carter closed his summer home at Tahoe Vista and returned to San Francisco.

The Buckhorn dining room closed Sunday after a busy season.

The Kings Beach Mothers Club gave a dance at Carpenters Hall on Saturday, September 30 for the junior set. The affair proved successful. It is hoped other communities will give social functions for the younger folks.

Mickey, Australian shepherd who recently passed his 14th birthday is no more. Originally the pet of Mr. and Mrs. Charles Heller of Meeks Bay, he stayed behind when they left to establish their home at San Rafael. The friend of both young and old, Mickey will receive proper burial in the garden near the clubhouse where a tomb stone will mark the grave.

Of special interest to fishermen in this area is the announcement made here this week by Allen Pollitt of Tahoe Fish Hatchery that Lake Tahoe, the Truckee River and tributaries will close to fishing October 15th. All backcountry lakes and streams will close October 31.

The lake level Monday stood at 6226.38 with 370 CSF of water leaving the gates. Coldest morning of the week was October 2 with the temperature down to 29. The warmest was September 25 with 75 degrees registered.

Mr. and Mrs. Phil Geier of Tahoe Park were hosts at dinner Sunday to Mr. and Mrs. Floyd Carnell and son Howard and Mr. and Mrs. Lee Garner of Tahoe.

Children and mothers of the Tahoe Lake School last Saturday were the guests of the children, teachers and Mothers Club of the Kings Beach school with close to 75 persons attending at a dance given by the hosts at the Union Holl. Cake and refreshments were served at the close of the evening's entertainment.

No more Sunday mail will be distribued this season with the advent of autumn, a service which will be sorely missed by Tahoeites.

Mrs. Margaret Ford of Sacramento has returned home after three weeks visit with Mrs. Stella Watson at her home in town. Also gone is her niece Miss Marjorie Nawlin, here ten days, whose husband is with the navy in the South Pacific.

Mr. and Mrs. Jess Reid of Stockton new owners of the Chris Nielsen property in Tahoe Park, enjoyed the week end here. Other guests at the Nielsen home were George Brotherton, Miss Rae Ellsworth and Mr. and Mrs. Eddie Smythe all of San Francisco and Mr. and Mrs. William Dean of Reno.

Miss Nadine Duffee of Sacramento, niece of Mr. and Mrs. Matt Green and Mr. and Mrs. Joe Duffee of Lake Forest, expects to return home from a Sacramento hospital Monday. She has been a patient for a week following removal of her appendix.

Mrs. D. M. Brodehl of Tahoe City has left on a vacation trip during which she will visit relatives and friends in both United States and Canada.

According to Game Warden Bill LaMarr duck season opens this year on October 14th and continues to and including January 1st. This applies to all migratory water foul. A new ruling permits possession of 15 instead of ten ducks in one day.

THREE SENATORS ACCUSE ENGLE OF PLAYING ON TWO SIDES IN JAP QUESTION

ROSEVILLE, Oct. 5.— Three State Senators, Jerrold L. Seawell of Placer County, Charles Brown of Inyo Caunty and Randolph Collier, Siskiyou County, in a prepared statement released today, accused Congressman Clair Engle, Red Bluff of playing politics with both sides of the Jap question.

The senators claim that Engle is seeking to obtain votes by publicly condemning the Japs in the war relocation centers through the press and radio and then writing letters of sympathy to those intered in the centers in an apparent bid for the votes of the American-born Japanese citizens, including some 400 registered voters of Japanese ancestry from Placer County now located in the relocation centers.

The senators stated the letters addressed to the Japanese were written on Congressional stationery and personally signed by Congressman Engle. The senators asked what kind of double talk is this by Mr. Engle?

The statement continued: "There are 6,000 Japs in Tulelake who have asked to be repatriated to Japan at the close of the war, as well as 7,000 American-born Japanese who have asked to be expatriated by having their citizenship cancelled. The balance of the Jap population at Tulelake are under 17 years of age and would probably leave with their parents, thus ridding California of approximately 18,000 Japs. Legislation is needed to accomplish this, but so far Congressman Engle has made no serious effort to secure action by congress.

"We are in full accord with the public statements of Mr. Engle on the Jap question, bue we cannot condone his double talk with such a serious problem to further his own political interests by privately bidding for the votes of the American-born Japanese through the mail, based upon extended sympathy as a result of the war," the statement concluded.

PROPOSITION NO. 1 WILL PROVIDE MUCH NEEDED BENEFITS FOR VETERANS

Proposition No. 1 on the General Election ballot November 7 provides for $30,000,000 bond issue which will make available funds for the purpose of thepurchase of homes and farms for veterans of World War II who enter the service from California .

This will be a continuance of the beneficial program which was inaugurated in 1922 for California veterans of World War I. This activity is recognized as being one of, if not the finest rehabilitation and Americanization program existant in the world today.

Stated briefly, it is based upon the wholesome and progressive philosophy that it is infinitely better for America to have an American family living in its own home rather than the same family living in a house owned by the landlord.

The 22 year record of the Veterans Welfare Board is one of unusual, constructive accomplishment, resulting in the purchase for California veterans of more than 20,000 homes acquired without a taint of charity and further, and perhaps more important, without a cent of cost to Cailfornia taxpayers.

Released by U. S. War Department, Bureau of Public Relations

10 "HASH MARKS"—Chester Stewart, who retired recently after 30 years service, holds the Army's master sergeant record, having been so rated for 26 years. In addition to rank chevrons, Stewart's sleeve is adorned with 10 "hash marks"—one for each three years service, four overseas chevrons denoting two years abroad in the last war, and one overseas stripe for the present war. He is returning to his home in Oregon.

THEODORE SCHLUETER IS FETED ON HIS BIRTHDAY

TAHOE CITY, Oct. 5.—Theodore Schlueter celebrated his natal day last Friday with a birthday dinner at his home in Tahoe Park. His wife, Fern, baked a lovely cake and prepared a special repast to which were invited Bill Hack, retired Southern Pacific superintendent from Sacramento and Mrs. Hack; Mr. and Mrs. J. F. Hack of Los Angeles and Mr. and Mrs. Arthur Couillard of Donner Summit Lodge. The Hacks are enjoying a vacation at the family home near Soda Springs.
